

### Technical information:

|   |                     |
|---|---------------------|
| Brand                                     | EAGLERISE           |
| Reference number                          | VTS-60-24-IP67- L-I |
| IP  | 67                  |
| Power output                              | 60W                 |
| Nominal DC output voltage<br>(under load) | 24V                 |
| Nominal output current                    | 2,5A                |
| Input voltage range                       | 176-264V            |
| Frequency                                 | 47/63Hz             |
| Power factor ( $\lambda$ )                | 0,95                |
| Specifications                            | On-Off              |

### Dimension

### LED Controlgear Constant Tension

Parallel connection

### Warning!!!

Before connecting the ballast to the mains, ensure that the LEDs on the secondary are connected. Otherwise the lamp may not switch on.
